

## ORDERING INFORMATION SHEET

# How to Order a MEMOLUB® Multi-Point System

A MEMOLUB® MPS system combines any MEMOLUB® HPS, EPS or PLCd lubricator with a progressive distribution kit to create a compact, centralized lubrication system. The system is sold complete with a MEMOLUB® lubricator, mounting bracket, distribution valve and push-in tube fittings for quick installation.

**Step 1** - A MEMOLUB® MPS system can quickly be ordered by answering the four questions below. Simply replace the "X's" with the code corresponding to your selection in the sub-menus.

MPS - **XX** - **X** - **XXXXXX** - **XXX**

**1. How many lube points would you like to lubricate?**

*Number of outlet ports*

- 02** = 2-Point (Each outlet 0.6cc)
- 03** = 3-Point (Each outlet 0.6cc)
- 04** = 4-Point (Each outlet 0.3cc)
- 05** = 5-Point (Four outlets at 0.3cc and one outlet at 0.6cc)
- 06** = 6-Point (Each outlet 0.3cc)
- 07** = 7-Point (Six outlets at 0.3cc and one outlet at 0.6cc)
- 08** = 8-Point (Each outlet 0.3cc)
- 09\*** = 9-Point (Six outlets at 0.3cc and three outlets at 0.6cc)
- 10\*** = 10-Point (Eight outlets at 0.3cc and two outlets at 0.6cc)
- 11\*** = 11-Point (Ten outlets at 0.3cc and one outlet at 0.6cc)
- 12\*** = 12-Point (Each outlet 0.3cc)

**2. Do you want to lubricate with grease or oil?**

- O** = Oil
- G** = Grease

**3. Which model and size MEMOLUB® would you like to use?**

- 120HPS** = 120cc - Battery powered lubricator
- 240HPS** = 240cc - Battery powered lubricator
- 480HPS** = 480cc - Battery powered lubricator
- 120EPS-24V** = 120cc - 24VDC External powered lubricator
- 240EPS-24V** = 240cc - 24VDC External powered lubricator
- 480EPS-24V** = 480cc - 24VDC External powered lubricator
- 120PLCD** = 120cc - PLC powered and programmed lubricator
- 240PLCD** = 240cc - PLC powered and programmed lubricator
- 480PLCD** = 480cc - PLC powered and programmed lubricator

**\* Multi-Point Systems with more than 8 outlets have restrictions on tubing OD, tubing length and the viscosity of the lubricant. Please call our staff at 800-635-8170 to answer any questions about sizing and installing your MPS System.**

**Example:**

The part# MPS-04-G-240HPS-02 will be a 4-outlet grease system using the MEMOLUB® 240HPS lubricator and straight bearing fittings with a 1/4" NPT male thread.

**4. Choose a Bearing Fitting**

Here is a list of the most common fittings used with our MPS systems. **Other thread and tubing sizes are available upon request**

**1/4" OD Tubing - Standard**

**Bearing Fittings**

- 50** = No bearing fittings
- 51** = 1/8" NPT (M) -Straight
- 52** = 1/4" NPT (M) -Straight
- 53** = 1/8" NPT (M) -90° Elbow
- 54** = 1/4" NPT (M) -90° Elbow

**5/16" OD Tubing - Standard**

**Bearing Fittings**

- 00** = No bearing fittings
- 01** = 1/8" NPT (M) -Straight
- 02** = 1/4" NPT (M) -Straight
- 03** = 1/8" NPT (M) -90° Elbow
- 04** = 1/4" NPT (M) -90° Elbow

**5/16" OD Tubing - Stainless Steel**

**Bearing Fittings**

- SS1** = 1/8" NPT (M) -Straight SS
- SS2** = 1/4" NPT (M) -Straight SS
- SS3** = 1/8" NPT (M) -90° Elbow SS
- SS4** = 1/4" NPT (M) -90° Elbow SS

Our staff is available at 800-635-8170 to answer any questions about sizing and installing your MPS System.

## ORDERING INFORMATION SHEET

---

### Step 2 - Order the Lubricant Cartridge Kit for the MEMOLUB® lubricator

The cartridge kit is sold separately from the lubricator due to the fluctuating cost of lubricants.

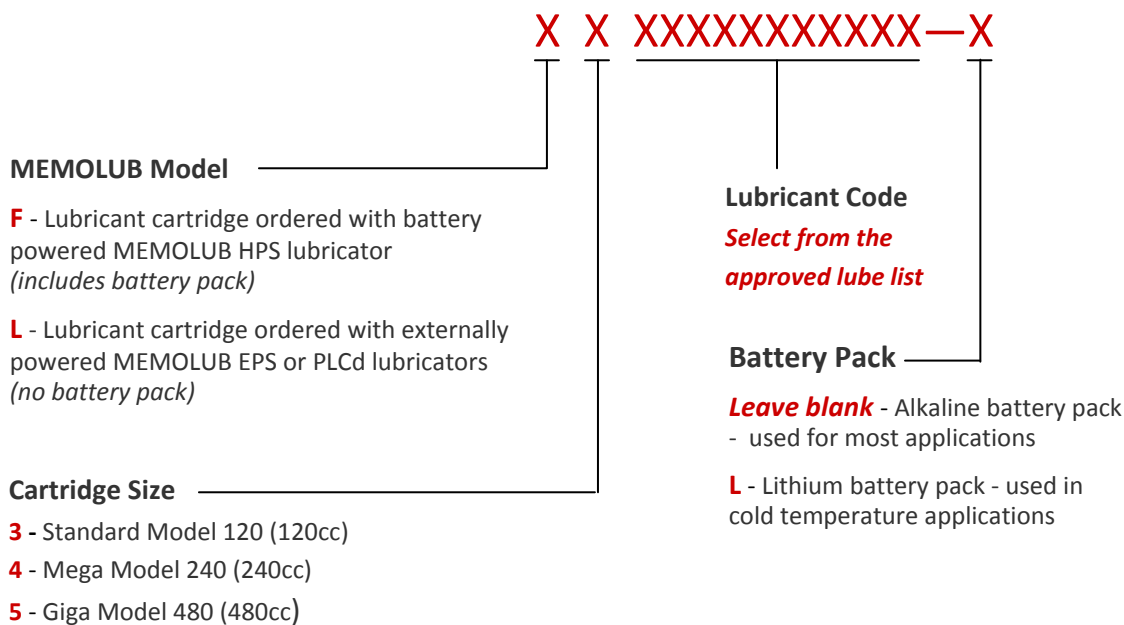

Power Lube Industrial stocks over 200 lubricants to meet your equipment requirements. Our Lube List is constantly changing so if your lubricant is not listed please give us a call.

Cartridge Kit

### Part Number Format

---

### Example :

When ordering a lubricant kit for a new MEMOLUB Model 240EPS lubricator filled with Mobilith SHC634, the part number would be: **"L4MOBSHC634"**

### Grease filled cartridges:

Grease cartridges and battery packs (if required) are pre-loaded in the MEMOLUB® lubricator prior to shipping.

### Oil filled cartridges:

Oil cartridges and battery packs (if required) are packaged separately from the MEMOLUB® lubricator to prevent accidental leakage during shipping.
