

Trugrease CC²

CORROSION CONTROL GREASE No. 2

DESCRIPTION:

TruBlend Trugrease CC Corrosion Control Grease is an extreme pressure/antiwear general purpose grease with superior anti-corrosion properties. This product has exceptional mechanical stability, water resistance and high temperature performance. It contains no harmful metals or other environmentally undesirable components, and is suitable for use wherever a heavy duty, high temperature corrosion control grease is required.

FEATURES:

- ◆ Heavy duty Extreme Pressure and antiwear performance.
- ◆ Excellent resistance to oxidation and corrosion.
- ◆ High dropping point (572°F, 300°C).
- ◆ Excellent mechanical stability.
- ◆ Enhanced water resistance.
- ◆ Phenol, chromium, and PCB-free per EPA 420.1, 3020A/7191, 8081.
